The West Bengal Pollution Control Board( WBPCB), Kolkata is executing a World Bank assisted project entitled "**Capacity Building for Industrial Pollution Management Project (CBIPMP)**".

The Government of India, through its Ministry of Environment & Forests, is implementing a World Bank funded project titled "Capacity Building for Industrial Pollution Management" with the objective of strengthening the environmental management capacity of central and state level regulatory authorities with emphasis on rehabilitation of polluted sites and for undertaking area-based demonstration projects on remediation of contaminated sites. The project also aims at developing a "National Program for the Rehabilitation of Polluted Sites" to reduce or eliminate the environmental and health risks associated with legacy pollution. The West Bengal Pollution Control Board is responsible for implementation of the project in the state of West Bengal.

For **Remediation / Closure and Containment of Dhapa Municipal Dumpsite in Kolkata, West Bengal** The Ministry of Environment & Forests (MoEF), Govt. of India has received a credit from the International Development Association / loan from the International Bank for Reconstruction & Development towards the cost of CBIPMP Project and intends to apply a part of the funds to cover eligible payments under the contracts for construction of works described below.
